

# CONFERENCE ON BUILDING MULTIDISCIPLINARY NETWORKS TO DRIVE SCIENCE & TECHNOLOGY BEHIND COSMETICS

2<sup>nd</sup> & 3<sup>rd</sup> December, 2024

Venue: JSS Academy of Higher Education & Research (JSS AHER),  
School of Life Sciences, Mysuru, Karnataka, India

## ABOUT CONFERENCE

Cosmetic Science is a rapidly growing field, with cosmetic products becoming integral to our daily lives. Currently most of International cosmetic brands have only manufacturing units in India whilst R&D sites are outside India. The aim of this conference is to provide students, researchers/ scientists, industry professionals with the opportunity to stay informed about the new special and performance ingredients, the latest scientific developments and technological innovations in cosmetics products.

The conference will highlight the need for R&D, production and manufacturing of cosmetic formulations in India. Furthermore, the conference will emphasize on use of technology such as Artificial Intelligence (AI), Augmented Reality (AR), 3D Bioprinting driven cosmetic product development to accelerate the cosmetic industry growth in India which will be first of this kind in India.

## OBJECTIVE

The purpose of this conference is to convene a gathering to foster collaboration between academia, industry, and startups to drive innovation in cosmetic science and technology

- To bring practical expertise and academic rigour in terms to creating innovation products and exchange research findings both in science and technology.
- To explore the potential to invest selectively into scientific partnership that churn out inventions that can be translated from bench to market ready products.
- To gain competitive advantage in cosmetic R&D, identify a business model and approach to collaborations with academia in order to continue to source disruptive ideas, concepts technologies and scientific talent.
- A platform to integrate newer & latest technologies such as AI with Cosmetics.
- To promote & encourage innovation and entrepreneurship in cosmetics among the researchers & MSc students by providing a platform for startups and new businesses to showcase their products, gain exposure, and attract potential investors or partners.
- Talent and Job opportunities: To enhance the chance of tie up between various new startups and collaborations with already established well known cosmetic industries with JSS AHER, Mysuru. It will also give students to explore their career opportunities in the industry and connect with their potential employers.
